CHANGE THAT MAKES A DIFFERENCE

The one word that we have heard more than any other word during this past year is “change”. But, there are some questions we need to ask about “change”.

- (1) What Kind of Change Are We Talking About?
- (2) Where Does This Change Come From?
- (3) Who Is Going To Be Changed?
- (4) When Will This Change Take Place?
- (5) Do We Have Any Choice About Change?

The change that I see taking place in America is not all good. Weeds used to be something that we pulled out of our gardens; but today weed is something that is smoked. The closet was a place where we kept our clothes; but today the closet is a place where a bunch of weirdos come out. Underwater spoke about swimming under water; but today underwater speaks about the worth of our houses. When we used to speak about being gay, it meant being happy; but today gay speaks of a perverted lifestyle. Once we were hell bound; but now we are heaven bound. We were sinners; but now we are saints. We had our filthy rags of unrighteousness; but now we have his robes of righteousness. We were children of the Devil; but now we are children of God. We were on the broad way to destruction; but now we are on the narrow way to life. We were aliens; but now we are in the family of God.

The kind of change that America needs is only found in Jesus Christ. The word of God says in II Corinthians 5: 12 “Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new.” (KJV) Think about the change that Christ brings.

This is the type of change that America needs. It is this message of change that I am preaching week after week across this nation. Don't you agree that this is the type of change America needs?
