Continuing Update

As I write this on Tuesday, September 9, Judy is back in ICU. During the last month, she responded and the ventilator was removed. She was moved to a private room and physical therapy was begun. Then, she contracted an infection; moved back to ICU and now is again on the ventilator. The doctor's view is not good. Please continue your prayers for Judy and me. We need them now as never before!

=====

Ministry Update

It has been my desire to keep my Ministry Schedule as much as possible. Most of the meetings I have are Sunday-Wednesday night. Some have been rescheduled for later this year and some have been rearranged so I can be home and at the hospital with Judy as much as possible. I want to thank the Pastors and Churches for their understanding and helping me at this critical time in my personal, family and ministry life.

=====

Have You Ever Thought...

. . . about what the Atonement really means? In the Old Testament, the Jewish people had a Day of Atonement; a day, once a year, when a sin offering was made by the High Priest for the sins of the people. Romans 5:11 states that "And not only so, but we also joy in God through our Lord Jesus Christ, by whom we have now received the atonement." It has been suggested that by salvation rendered by Jesus Christ that we are now AT-ONE with God; that Jesus Christ made it possible for God's children to be AT-ONE with God. Just think of the word "atonement"-AT-ONE-MENT! What a thought; by the blood of Jesus and His sacrifice for our sins, through salvation, we are at AT-ONE with God.
