DECEMBER 2015 NEWSLETTER

Dr. Vance Havner told the story of a man who lived beside a river. He was not interested in the people who lived on the other side until his daughter went over there to live. After that he developed a great interest in those people.

As an evangelist I am traveling almost every week to a new place that I have never been. So, I find myself trying to find out everything I can about that place. There is a place that I am getting a greater interest in than ever before. It is that City of God, that New Jerusalem, the Heavenly City, that place where Jesus is with the Father. Also I have some loved ones who are already living on the other side of the river.

I have a big picture of my wife, Judy, in my house. Ever since her death this year when I look at that picture I take a fresh interest in the next world. She is a citizen no longer of this world but she now is a citizen of the land where she can enjoy the presence of God. I never have been so interested in heaven as I am now.

One day I will and you will if you are saved, cross that river to be with Christ and our loved ones. Oh, what a day of rejoicing and reunion that will be!! Until that day, I want to do everything I can to win as many people as I can to Christ, so they can cross over that river to be in heaven with us.

My First Book Available

My first book I have written should be available by the middle of January 2016. "Doing the Work of the Evangelist" is the title of the book. It contains eight soul stirring sermons that will fuel your heart for evangelism. These are the transcripts of sermons I have preached across the nation in revivals and crusades through the years. God has used these sermons to reach literally thousands of souls for Christ. The price of the book will be \$20.00, but you can pre-order the book for \$15.00 plus \$2.00 for postage and handling.
